Farewell Ms. Clawson!

If your child's had the pleasure of working with Ms. Clawson, you understand how much of an asset she's been to our program; she's absolutely amazing! She's helped countless numbers of students and essentially parents too, by providing extra homework help and tutoring.

We're planning on throwing her a surprise party to show our appreciation for the work she's done. If your child has benefited from working with her, please have them make a special thank you card to let her know just how much she'll be missed! More details on the party will follow!
